

Dental Insurance Information

ARCHER DENTAL

At Archer Dental we make every effort to provide you with the finest care and the most convenient financial options.

To accomplish this we work hand-in-hand with you to maximize your insurance reimbursement for covered procedures. We are not a provider for and do not contract with any insurance company. However, as a courtesy to our patients, we will process and submit insurance claims and pre-authorizations. Please be assured that Drs. Will and Amanda base their treatment recommendations on what they feel will be best for your long term dental health. This is in contrast to many dental insurance companies that often limit treatment to procedures that may not have your long term dental health in mind. We encourage active participation from you in formulating the best path forward. If you have any problems or questions, please ask our staff. They are well informed and up-to-date, and can be reached by phone at 802 649-2630.

Please call if you have any questions or concerns regarding your initial visit.

Please bring your insurance information with you to the consultation so that we can expedite reimbursement.
